

A woman is shown from the chest up, wearing a white, textured robe. Her hands are raised in front of her, palms facing each other, with a small, light-colored object held between them. The background is a soft-focus sunset or sunrise over a body of water and distant hills. The overall mood is serene and elegant.

Our Commitments

L'OCCITANE was born in 1976, when its founder, Olivier Baussan, began distilling essential oils and selling them in his much-loved land of Provence. Built on strong principles and true stories, the brand has grown (a lot!), but its philosophy has always remained the same.

Nature matters. People matter.

That is why L'OCCITANE has 6 clear commitments, focused on protecting our precious planet and treating people with respect.

Click on each commitment below to find out more.

01 RESPECTING BIODIVERSITY

A story of generosity

02 SUPPORTING PRODUCERS

A story of fairness

03 REDUCING WASTE

A story of respect for the planet

04 EMPOWERING WOMEN

A story of emancipation

05 CARING FOR SIGHT

A story of vision

06 CELEBRATING CRAFTSMANSHIP

A story of talent
